

LB-14-8150A 8150A - Lido Shelf & Rod Bracket (Satin (Brushed) Nickel)

Our premium satin (brushed) nickel closet brackets give dual support for both closet rods and shelving. Made from the highest quality metals and hand polished for a superior finish, they feature a set-screw that firmly locks and holds the closet rod into place.

The bracket fits shelving up to 12" deep, and supports our [Premium Closet Rods](#) as well as other rods up to 1-1/2" in diameter. For shelving and rod support we recommend the use of a bracket every 4 feet.

Often used with A106 closet rod and 505SET flange set.

NOTE: Mounting hardware is not included with the brackets.
