

51WT-9000/36/F/R 9000/36/F - Floor Mount 36" Post for Picket Railing (Aluminum White, Receiver)

This 36" High Floor Mount Receiver Post is a 2-1/2" square aluminum post and is designed to be used with top and bottom end brackets – items 9000EB, 9000HSB and 9000VSB. 9000EB and 9000HSB will allow the post to connect with level picket panels. 9000VSB will allow the post to connect with stair picket panels.

This post has a white paint finish.

Maximum recommended center-to-center spacing for posts is 6 feet.

Consult local building code for specific requirements in your area.
