

01-L-100100x18 ANGLE - Equal Leg Angle (Mill Finish Brass, 1 x 1 x 1/8)

Our Brass Angles are made of 385 alloy brass and have two legs of equal length that form a 90 degree angle. Each angle is 12ft in length. Measurements in the item description list the leg lengths first followed by the leg thickness.

These angles are ornamental and can be used as wall accent corners or similar.

This product conforms with ASTM B455.
