

CR9904-OLD Quick-Connect® Threaded Terminal

Inserts through drill holes in end post and attaches with washer and nuts (not included). Use beveled washers for angled terminations such as stairs. Typically paired with another Quick-Connect® Threaded Terminal. However, it can also be used with other tension adjustment fittings.

Part#	CableØ	Thread	T	L	QCØ	DrillØ
CR9904	1/8"	1/4"-20	5	7- 3/8"	7/16"	*9/32"

*Drill 1/2" Ø to counterbore depth, if embedding fitting in post (see illustration above). Gauge line & wrench flats need to be on outside of post face.
